

# referenceUSA<sup>®</sup>

**ReferenceUSA** is a database that provides access to information on more than 25 million businesses and more than 262 million consumers in the United States and Canada. Business listings include company name, phone number, complete address, key executive names, SIC codes, employee size, sales volume, contact details, franchise and brand information, news, liens judgment and bankruptcies, and credit rating scores.

Residential information comes from the White Page telephone directories. United States residential listings also contain recent census information, including median household income, and median home value.

ReferenceUSA may be accessed from a home computer with a valid Welles-Turner Memorial Library card. For further information, contact Reference at 860-652-7720.
