# 2CF Studio Equipment List

3D Printers

We have 4 different 3D printers by Makerbot, Ultimaker, Creality, and Bambu. Each have their own software applications and can create unique 3D printed items.

Desktop CNC Machine

The Carvera desktop CNC machine carves 3D designs in wood, plastics, and certain metals.

Laser Cutter and Engraver

The Glowforge Pro cuts and engraves a wide variety of materials, including wood, glass, acrylic, slate, cork, and paper.

Sublimation Printer

The Sawgrass SG500 creates custom graphics in bright color for custom shirts, mugs, and more.

Desktop Cutting Machine

The Silhouette Cameo cuts over 100 materials, including paper, cardstock, vinyl, and fabric up to 12 inches wide. The Silhouette Cameo Pro supports materials up to 24 inches wide.

Poster Printer

The Canon Pro-1000 is a 17" wide poster printer that accepts many different types of media using two separate paper feeds depending on paper thickness.

Heat Press

This Craft Express heat press has a user-friendly control panel, simple and easy to operate, perfect for beginners starting their first sublimation heat press

Cold / Hot Laminator

With the Fellowes Jupiter 2125 laminate presentations, office documents and school projects quickly.

Embroidery Machine

The Brother PE900 is an embroidery-only machine with a large 5" x 7" embroidery area, 193 built-in designs, perfect for creating detailed and personalized projects.

Air Thread Serger

The Brother AIR1800 is a high-quality air serger with innovative air threading technology for easy and quick thread changes.

Sewing Machines

Our four Bernette b33 sewing machines are ideal for beginners learning to sew and for more advanced sewers looking for versatility.

Digitization

Transfer video to your Mac or PC from a VCR, DVR, or camcorder. Transfer your memories to flash drive or any other external drive.

Photo & Video Editing

Adobe Creative Cloud, including Photoshop, Lightroom, and Premiere on our computers will make your photos and videos their very best.
